BUILDING PERMIT APPLICATION

Applicant / Owner / contractor: _____

Address / City / State: _____

Mailing address (if different from above) _____

Construction Address: _____

Project description: _____

All property pins must be located and marked prior to issuance of a Building Permit.

Plan submittal. Submit a drawing of the property showing property pins, overall lot size, building project including dimensions, and location relative to property lines. (See the example drawing attached).

This is only the application for a building permit.

Pursuant to 815 ILCS 670, if the home builder and the home purchaser do not agree on a set of building codes in the construction contract then the plumbing code promulgated by the Illinois Dept. of Public Health under Section 35 of the Illinois Plumbing License Law, the National Electric Code as adopted by the American National Standards Institute, and the International Residential Code shall, by law, be adopted as part of the construction contract.

I have checked with the Subdivision Architectural Committee of _____ Subdivision and this project complies with the restrictions thereof. A copy of the signed SUBDIVISION COVENANT RELEASE from such Subdivision Committee member is herewith attached and becomes part of this Application.
